SPECIAL DISCUSSION
1. Holmes Avenue Update: Mr. Hanser has tagged all dead trees. It may be more cost effective to replace trees rather than moving street trees from Holmes. The City Administrator will request prices to move trees from Baxter Farm and Garden. An update was given regarding reimbursements for expenses and electricity for street lights.

2. Winter Clearance Issues: The Board authorized the City Administrator to work with the City Attorney to do a letter to Kirkwood accepting the sale of salt at $75 per ton and accepting responsibility for damage to the Earthworks truck should any occur during loading.

3. Reflective Poles at Sappington and Oakland: Mr. Hanser will order the poles.

4. CDBG Update including grant for sidewalks in Loewnau Park: The Board determined that they would like the potential sidewalks in Loewnau mapped out in advance of committing to bid out the project and would also like to see the amount of Park Grant funds received for Minturn before finalizing which park sidewalks to install with CDBG funds. Finalizing projects for CDBG funds will be done after the Minturn grant is announced.

5. Backstoppers Irrigation Update: There was a general discussion about the merits of replacing the entire section of retaining wall. By a vote of 3-0 the Board authorized the Mayor to review the settling of the wall and any warranty in place for the wall and approve a change order to replace the entire wall if he determined the work to be necessary.

8. City Administrator’s Report. The City Administrator’s Report was reviewed and discussed. The indemnification agreement for Greg Hanser was reviewed and Alderman Stewart moved and Alderman Bach seconded a motion that the Mayor be authorized to sign the agreement by a vote of 3-0. The Board agreed that it would be good to have information on recycling in future newsletters as a reminder of what could be recycled.
